*At a Time when Intelligence from abroad is ſcarce, we are aſſured the Pieces we had from* Quebec, *has been no diſagreeable Amuſement; and to thoſe inſerted in this Paper, No. 63, we are favoured with the two following, occaſioned by the ſame Affair.*

To Lieut. Col. Irving, Major of the 15th Regiment; Mr. Walter Murray, Mr. Adam Mabane, Surgeon; Mr. Francis Mounier, Merchant; and Mr. James Cuthbert.

GENTLEMEN,

AS *Lieutenant Colonel Irving has ſignified to you, that the Part of my Conduct you think worthy your Reprehenſion, happened by Accident, let him explain his Reaſons for ſo doing, he had no Authority from me. But that there may be no further Doubts, I do hereby make known to you, that I both have and will on all Matters that do require the Conſent of Council, call together ſuch Councellors as I ſhall think beſt qualified to give me Information; and further, that I will aſk the Advice and Opinion of ſuch Perſons (tho' not of the Council) as I ſhall find Men of good Senſe, Truth, Candour, and Impartial Juſtice: Perſons who preſer their Duty to the King, and the Tranquility of his Majeſty's Subjects, to the unjuſtifiable Attachments, Party Zeal, and to all ſelfiſh mercenary Views: After I have obtained ſuch Advice, I will ſtill direct as to me ſhall ſeem beſt for his Majeſty's Service, and the good of this Province committed to my Care.*

*I further make known to you, and for this firſt Time I give an Opinion, that for the preſent his Majeſty's Council conſiſts of 12 Members; thoſe named and approved immediately by the King have the Preference, next follow thoſe appointed by Governor Murray, till the Seats are all full. You will be pleaſed to recollect, Gentlemen, that Mr. Stuart, tho' ſworn into Council after Mr. Mounier, has by Virtue of the King's immediate Appointment conſtantly taken Place of you all. I muſt alſo remind you, that his Majeſty's Service requires Tranquility and Peace in his Province of Quebec, and that it is the indiſpenſable Duty of every good Subject, and of every honeſt Man, to promote ſo deſirable an End.*

*Quebec, November 2, 1766.* GUY CARLTON.

Copy of a Letter to the Lieutenant Governor of Quebec, from Col. Jones, Col. Irving, and Capt. Morris, in Anſwer to his to Col. Irving, of the 29th of November, 1767.

SIR,

WITH *the reſpectful Attention due to a Letter from you, we have peruſed that ſent to Lieut. Colonel Irving, and directed to be communicated to all that ſubſcribed a Petition in Behalf of the Gentlemen brought Priſoners from Montreal. Leſt any unfavourable Impreſſion may have been conveyed; leſt the Silence even of thoſe amongſt the Preſenters, not particularly charged, ſhould countenance ſuch Impreſſion, we beg Leave to lay before you the whole of our Proceedings and Intentions: Intentions, which, we flatter ourſelves would be ſome Apology, even had we been ignorantly led into a breach of a poſitive Law.*

*Saturday Night it was told, the Gentlemen confined were not to be bailed, and that it was to be expected they would be ſent back Priſoners the next Afternoon; that having no other Reſource, they intended to apply to the Governor, by Memorial, and would be obliged to their Friends to preſent it. They found on this Occaſion, more Friends than they expected, all were touched with their very particular Circumſtances, all freely offered their Service, (few or none who had Opportunity declined.)*

*The Memorial was a Requeſt to the Governor to interpoſe, whether by cauſing Bail to be accepted, or otherwiſe, we were not informed, for none of us read it, but heard it was drawn up by proper Advice. It was decent to accompany it with a Petition; ſeveral Motives offered for ſo doing; no Time was to be loſt; as ſoon as a fair Copy could be made out, it muſt be delivered: The Expreſſions muſt remain ſuch as they were, ſuch as were inſpired by a warm Zeal for our Friends; for Gentlemen unexpectedly thrown into the moſt mortifying circumſtances men could fall into; yet, ſo unanimous were all, that not one of the various Perſons who read and ſigned it, all unſolicited (as far as we know) moſt unconnected by any but the Ties of Humanity, and an Opinion of the Priſoners Innocence, made the leaſt Exception to a ſingle Sentence. They thought it would be but Juſtice to theſe Gentlemen, to give the ſtrongeſt Teſtimony of their Characters, and the Eſteem in which they ſtood in the Country: They thought it Humanity to alleviate the Odium which their unhappy Situation muſt throw on thoſe Characters, and to obviate, as far as in them lay, the ill Conſequences likely to enſue on their Affairs and Intereſts: In fine, that it was a proper Occaſion to inform thoſe who had not Opportunities of being acquainted with this Province, that an Impreſſion very different had been made here in regard to the Perpetration of the Outrage on Mr. Walker, from what may have been given in England.*

*To lay open theſe their Sentiments, they flatter themſelves would not be unacceptable, and as they thought it incumbent on them to propoſe the moſt perſuaſive Motives for every poſſible Indulgence, they hoped every becoming Meaſure for juſtifying ſuch Indulgence, would be pleaſing. They never preſumed to preſcribe in what Manner Authority was to be interpoſed; if the Law did not allow Bail to be taken, ſome Mitigation in the Manner of the Priſoners Confinement was hoped for: Theſe were the Views, in which we gave that Evidence of our Sincerity, as well as Dependence on theſe Gentlemen's Honour, in offering the moſt unlimited Security we could for them.*

*By Authority we meant no other than the Authority uſually veſted in Governors, neither did we conceive that that Word implied any thing arbitrary. Were we miſtaken in ſuppoſing an Authority for doing ſomething that could not be done; were the Application of that Authority (did it really exiſt) improper, a Word or Hint would have been taken, as the Rebuke of our Governor, our General, and our Friend. As ſuch we looked upon what you ſaid to us, Sir, on our preſenting the Memorial, and ſhould have come off thankful for what could legally or conveniently be done for their Relief: But had any ſuch Authority exiſted, had we not, the only Moment when our Endeavours could avail, exerted ourſelves in Behalf of our Friends and Brother Officers; had we ſeen them after Scandal, Impriſonment and Vexation, prove their Innocence; had we then remembered that we left undone any thing poſſible to be done for their Relief, we ſhould certainly reproach ourſelves, and the World would probably aſk, why were we ſo luke-warm?*

*Theſe were our Thoughts; theſe our Motives, and ſeemed to be of all that ſigned; if from their Speeches and Behaviour then, we are to judge; for on theſe Matters we have had no Communication before, and very little, even in common Diſcourſe ſince, with any of them; we declare, that we never had any Intimation that our petitioning would be ill received: The Town-Major, ſent to give Notice of our intention, brought back no ſuch Meſſage: Major Mills, indeed, ſaid it would be diſagreeable to go in Numbers; it was inſtantaneouſly decided, a few only ſhould go; moſt ſeemed willing to be of theſe few. We thought it would be wanting due Reſpect, to ſuffer to be preſented to the Governor by Perſons of inferior Rank to ours, a Petition to which our Names were ſigned.*

*The bare Expoſition of theſe our Motives and Proceedings, will, we hope, be their Apology. The Spring of them all was Zeal for our Brother Officers, whoſe Fortunes, Lives, and Honours are cloſely attacked. Even this ſhould never lead us to an undutiful Act; for we were, and remain, with unalterable Obedience to publick Authority; and with the higheſt Reſpect,* SIR,

*Your moſt Obedient, and Moſt Humble Servants.*

ROSEAU, (in Dominica) January 31.

On Friday the 23d inſt. arrived at Prince Rupert's Bay, his Majeſty's frigate Levant, Captain Keith, in 5 weeks from Portſmouth, on her way to Jamaica. We are informed, that ſhe has brought advice, that — Buchannan, Eſq; is appointed Receiver-General of the Southern Caribbee Iſlands, with a ſalary of Twelve Hundred Pounds ſterling per annum: That a ſeparate government would ſoon be eſtabliſhed at Dominica; that the ſeat of Government, and places of publick adminiſtration, were to be held at Prince Rupert's Bay; that a detachment of artillery, with a great quantity of ordinance ſtores, were ready, and under orders to ſail for this iſland, in order to fortify the different harbours; and that ſeveral ſurveyors and artificers were ordered out to examine Prince Rupert's Bay, a dock yard being intended to be immediately made there, for repairing his Majeſty's ſhips; it being looked upon as a much proper place for the rendezvous of any ſquadron in time of war, than Engliſh harbour in Antigua.

From Grenada we are informed, that ſeveral ſhocks of an earthquake have lately been felt there, the ſmarteſt of which happened about three o'clock on Wedneſday morning the 7th inſtant; the ſame and following days the ſurf was remarkably high on the Bay, which has done conſiderable damage to ſeveral houſes there, and carried off ſome lumber, &c.

NEW-YORK, February 23.

They write from Quebec, that next Spring they were in great Hopes of diſcovering a navigable Communication from Lake Superior to the South Seas, by Means of a great River, which the Native Indians had reported to run many Leagues to the Weſtward.

By letters from Quebec, there is advice, that the number of white ſettlers in Major Roger's government of Michilimakinac, already exceeds four thouſand families, excluſive of Indians, and Negroes; that they carry on a large trade in furs, poultry, &c. and will ſoon be a thriving colony.

PHILADELPHIA, MARCH 5.

*A Gentleman at the head of Cheſapeak-Bay, intends to erect, in the moſt conſpicuous Part of his Garden, an OBELISK, with the following Inſcription on it.*

A TRIBUTE, due to the illuſtrious PITT,
(Now LORD CHATHAM)
And all thoſe WORTHIES,
Who ſo eminently diſtinguiſhed themſelves
By reconciling the PARENT and the CHILDREN,
In the Year M,DC,LXVI.

*Extract of a Letter from Charles-Town, Maryland, Feb 19.*

"This Day a Negro Woman of mine was delivered, with great Difficulty, of a Child or Children, joined together in fore Parts, from the Neck to the Groin, having two Heads, four Arms, four Legs and Thighs, four Breaſts or Nipples, and but one Navel String; they were both Females."

*One part of the World laughs at the other, as both do at their common Folly.*

EVERY thing is Good or Bad, according to the capricious Humour of the Times. That Fool is inſupportable, who would have all things go according to his Fancy. Perfections depend not upon one ſingle Approbation. There are as many Opinions, as Faces, and as great Difference between the one as the other. There is no Fault without Somebody to defend it, and you ought not to be diſcouraged, if what you do pleaſes not ſome, ſince there will always be others who will value it. But be not you proud of the Approbation of theſe, ſince you will be ſtill expoſed to the Cenſure of the others. The Rule whereby to know what deſerves Eſteem, is the Approbation of Men of Worth, and of ſuch as are known to be capable of being good Judges of the Thing. The civil Life depends not upon one ſingle Opinion, nor one ſingle Cuſtom.

EAST-FLORIDA, ſs.

WHEREAS by the definitive Treaty of Peace concluded at Paris, the tenth Day of February, One thouſand ſeven hundred and ſixty-three, between our moſt gracious Sovereign GEORGE the third, KING of GREAT-BRITAIN, &c. The French King, and the King of Spain, the whole Country of FLORIDA, was ceded to his Britannick Majeſty; AND WHEREAS, by the twentieth Article of the ſaid definitive Treaty of Peace, his Britannick Majeſty did, amongſt other things, agree that the Spaniſh Inhabitants, or others, who had been Subjects of the Catholick King, might ſell their Eſtates provided it ſhould be to his Britannick Majeſty's Subjects. NOW WE, JOHN GORDON, of Charles-Town, in the Prov[illegible] of South-Carolina, Merchant, and JESSE FISH, of the Town of St. Auguſtine, in Eaſt Florida, do hereby give this publick Notice to all Perſons ſettling, and intending to ſettle in Florida, that we for ourſelves and others, all Subjects of his Britannick M[illegible]jeſty, in the months of October and November, immediately after the ratifying of the ſaid Treaty of Peace, confiding and relying on his Majeſty's Royal Stipulation therein, and above mentioned, did purchaſe from ſeveral of the Subjects of the Crown of Spain, then reſiding in Florida, for a valuable Conſideration, and had in due, lawful and proper Form, and by proper deeds and conveyances in Law, conveyed to us, various and extenſive Tracts of Land in the ſaid Country, and in that Diviſion thereof now called Eaſt-Florida, of which Lands the ſaid Spaniſh Subjects before, and at the Time of, ratifying of the ſaid Treaty, were lawfully ſeiſed and poſſeſſed, according to the Laws of Spain, as of their own private Property, and the Conveyances made to us as aforeſaid, were on the firſt Day of December, One thouſand ſeven hundred and ſixty-three, proved before the then Britiſh Commander in Chief of Eaſt-Florida, certified under his Hand and Seal, and duly authenticated, and a Notification and Inſtrument declaring us, the ſaid JOHN GORDON, and JESSE FISH, to be the real and lawful Purchaſers and Owners of theſe Lands, under the Hand of the Spaniſh Governor and Royal Officers of Florida, at St. Auguſtine, and the Seal of their Contaduria, were iſſued, and the ſaid Inſtruments and Conveyances, with Plans of the ſeveral Tracts of Land thereunto annexed, were produced to his Excellency Governor GRANT, on or before the ſeventeenth Day of November, One thouſand ſeven hundred and ſixty-four, and tendered at the Publick Regiſter's Office, in St. Auguſtine, there to be recorded, that no Perſon might plead Ignorance, or be miſled, in their Application for, or ſettling on Lands in Eaſt-Florida. NEVERTHELESS, William Greening, Eſq; Publick Regiſter, did refuſe to receive or record in his ſaid Office the ſaid Conveyances, by Order (as he ſaid) of the ſaid Governor, who has declared, that he would, on Application to him in Council, grant away theſe Lands in the ſame Manner as if no Purchaſe of the ſame had ever been made. WE DO THEREFORE, in this publick Manner, claim our Right to the ſaid Lands, and enter our Caveat and Proteſt againſt the Governor of Eaſt-Florida, his granting any Part or Parcel of the ſame: AND we do hereby in like Manner caution and forewarn all Perſons whomſoever, from ſetting down, ſettling on or clearing any of the ſaid Lands, on any Pretence whatſoever, without our Leave and Conſent, as ſuch Perſon or Perſons may depend on our aſſerting our Right, founded upon the Faith of the ſaid Treaty, and on our purſuing to the utmoſt Extent of the Law, any Treſpaſſers on the ſaid Land; at the ſame Time, WE DO DECLARE, for ourſelves, and the other Proprietors, that we will give due Encouragement to all Perſons that ſhall apply to us to ſettle the ſaid Lands, by Virtue of, and under our Right and Title, on the moſt reaſonable Terms. And for the better Information of all whom theſe may concern, a general Plan or Survey of our Lands may be ſeen in the Hands of either of us, in Charles-Town, or St. Auguſtine.

JOHN GORDON,
JESSE FISH.

*St. Auguſtine, November 4, 1766.*

*Laſt Saturday Evening arrived here from Cowes, the Brig Free-Maſon, Captain Alexander Gillon; by whom we have received Prints to the Tenth of January, and from which we have taken the following Articles, viz.*

## LONDON, December 25.

AN almoſt total change in the preſent adminiſtration is expected to take place ſoon after the holidays.

The King has been pleaſed to appoint George Brown, Eſq; to be one of the commiſſioners of the exciſe in Scotland, in the room of George Drummond, Eſq; deceaſed.

The King has been pleaſed to grant unto John Campbell, commonly called Marquis of Lorn, the dignity of an Engliſh Barony.

The Earls of Shelburne and Egmont are to be created Dukes of Ireland, which is the reaſon that induced the Marquis of Kildare to accept of that dignity, that he might preſerve the precedency of his family as premier Duke; and the rather, as that illuſtrious houſe has always enjoyed the precedency of the Iriſh peerage, he being the 19th Earl of Kildare in a direct ſucceſſion. His Grace is now premier Duke, Marquis and Earl of Ireland, which is an honour enjoyed by no other peer under the Britiſh conſtitution.

The reaſon of the Marquis of Lorn's patent for creating him an Engliſh peer, being expedited with ſo much diligence in the reſpective offices, was the ſickneſs of his grace the Duke of Argyle; for if the Duke had died before his ſon's creation, the Marquis could not have been received as an Engliſh peer, being contrary to the articles of Union between the two kingdoms.

Nine of the unhappy wretches who were confined in Glouceſter gaol for riots have received ſentance of death. And it was a moſt lamentable ſpectacle to hear and ſee the lamentations of and diſtracted behaviour of their miſerable families, who flocked round the Judges carriages when they were leaving the city.

A new treaty of commerce is now on the carpet between the courts of London and Liſbon, by which much greater privileges will be granted to the ſubjects of Great-Britain than they enjoyed in conſequence of any former treaty.

They write from Berlin, that the Pruſſian miniſter at the Court of Warſaw, has received orders from the King his maſter, to act i the affair of the proteſtants in Poland in ſtrick concert with the Ruſſian miniſter.

Pruſſian agents are very buſy in inliſting men in Hamburgh and ſeveral other ſtates on the continent, where great bounties are given to all who ſhall enter that ſervice.

We are informed that ſeveral new maneuvres are ſoon to be introduced on board his Majeſty's ſhips of war.

DECEMBER 27. The inhabitants of our Northern Colonies, we hear, intend ſpeedily to chuſe a number of the moſt conſiderable Merchants from each, to conſider of the general ſtate of their trade, and to draw up ſuch remonſtrances to the Britiſh Parliament, as may tend to their own intereſt, and the happineſs of the Mother-Country.

The Embaſſy to Portugal, we now hear will be delayed for ſome time.

The report of a Prussian being ordered to ſail up the Tagus, we now hear, is without foundation, as the difference between our court and a certain ſouthern Potentate, are in a fair way of being amicably adjuſted.

The addition of a ſhilling a day, we now hear, will be made to the half pay of the navy Lieutenants, and two ſhillings more a day, we are told, will be given to the Captains—an expence which gives the Publick infinitely more pleaſure than diſſatisfaction.

A Swediſh Gentleman lately arrived from Stockholm, we hear intends to offer a ſcheme to the Adminiſtration, relative to a Trade up the Black Sea, which he thinks will be attended with conſiderable advantage to this kingdom.

A writer of ſome eminence was lately applied to by a great man for the aſſiſtance of his pen, and promiſed a lucrative Office in caſe his productions were attended with ſucceſs. "Give me the place firſt my Lord (ſays the Author) for it "is but juſt, I ſhould entertain a doubt of your honour, "ſince you ſeem to enterain a doubt of my abilities."

We hear orders are given for all Officers on furlow, belonging to regiments in garriſon at Gibralter and Minorca, to join their reſpective corps forthwith.

They write from Hamburgh, that two veſſels are now at the Elbe, taking in Palantine paſſengers for Eaſt-Florida.

On Thurſday laſt put into Cowes, from Amſterdam, the Prince of Wales tranſport, with ninety-ſeven Palantine paſſengers, for South-Carolina.

JANUARY 3. Letters from Peterſburgh adviſe, that four natives of Kamptchatka, to the north of Siberia, had arrived there, after a journey of ſeveral months. They appeared to be deſcended from a race of the Tartars, and are to be accompanied in their return home by ſome learned Geographers, appointed by the Empreſs, for making diſcoveries of the ſtrait which ſeperates America from Aſia.

It is reported that large grants of land, in both Floridas, are preparing to be made out for their Royal Highneſſes the Dukes of York, Glouceſter, and Cumberland.

Tueſday night ſome particular diſpatches were ſent away from the Admiralty Office, to the Commiſſioners of the dock-yards at Portſmouth and Plymouth.

Advices from Genoa ſay, that the imperious terms in which the Ambaſſador of the Court of Verſailles has lately delivered himſelf to the Magiſtrates of that City, have not a little contributed to increaſe the diſſenſions reigning among them, by ſpiriting up the people to oppoſe a mediation, offered with ſuch an air of aſſumption and ſuperiority.

Commiſſions have lately been received from the African merchants and factors, for ſhipping over a number of ſwivel guns of different calibres, for the uſe of the cruizing boats employed in the ſlave and gum trades on the Rivers Gambia and Senegal; it being found dangerous, on different parts of the coaſt of Guinea, to be without a proper defence.

This morning, ſome particular diſpatches were ſent off from Mr. Secretary Conway's Office, for their Excellencies the Lords Juſtices of Ireland.

A Bont mot of a certan noble Earl now at Bath, has been much mentioned in that city, his Lordſhip being told by a Gentleman that Mr. Derrick, had declared he made 800l. a year, by being Maſter of the Ceremonies, replied with a laugh, Derrick is a blockhead, for not keeping the matter a ſecret; for if the Miniſty ſhould hear it, they may make his Office a Patent place, and give it to ſome popular Member of Parliament.

A Nobleman of great influence, has lately declared, that he will not conſent to the nominating of any Gentleman to an Office in the Government, who ſhall profeſs himſelf a friend to ariſtocratical connexions.

We hear the Eaſt-India Directors will now treat with the Miniſtry about the ceſſion of their territorial revenues in Bengal.

The Duc D'Aquitain of 90 guns, was launched December the 5th, at Rochfort, and the keel of another of the ſame rate laid on the ſtocks.

This day there was a grand levee at St. James's, and afterwards a privy council.

JANUARY 6. The Manilla ranſom, it is ſaid, will be paid in March next, only deducting 70,000l. for the plunder made by our ſailors and ſoldiers.

We are told the petty officers on board Admiral Corniſh's ſquadron at the taking of Manilla, in caſe of the ranſom's being paid agreeable to the capitulation, will ſhare near two hundred pounds ſterling per man.

A ſcheme is under conſideration for ſubjecting a great trading company to the payment of a certain tax per head on every ſoldier raiſed within his Majeſty's dominions to be ſent abroad.

A new treaty of commerce and friendſhip, it is ſaid, is on the carpet between the courts of England, Sweden, Denmark and Pruſſia.

We hear the government will demand of the Eaſt-India company to pay one million per annum, for a certain ſtipulated time, in order to make good the great expence the nation has been at in aſſiſting that company to obtain their preſent valuable acquiſitions.

The damages done by the high wind and tide on Friday laſt, in the river Thames, are very great, amounting, as is ſaid, to upwards of 50,000l. by goods being ſpoiled and damaged in cellars and warehouſes on both ſides of the river. Several boats were overſet, and we are told that twenty-ſeven perſons loſt their lives.

It is ſaid that for ſome weeks paſt the Clerks of the Navy-Office have been employed extra hours in making out the accounts of the ſhips books ſent to and ſtationed in the Eaſt-Indies, ſince the commencement of the late war, in order to be laid before an auguſt aſſembly.

JANUARY 8. Yeſterday was held a grand Council at St. James's, at which the Right Hon. the Lord Chancellor, the two Secretaries of State, and moſt of the Great Officers aſſiſted.

Yeſterday the wild man, well known by the name of Peter, that was taken in a wood in Hanover about 40 years ago, and brought over to England, ſince which he has been kept at Cheſhunt in Hertfordſhire, ſupported by an annual ſtipend allowed, was brought from thence to the Queen's Palace, to be ſeen by the Royal Family: He is ſuppoſed now to be upwards of 60 years of age, cannot ſpeak any thing intelligibly, and ſtill retains his wild appearance.

Letters from Marſeilles inform, that a great deſertion prevailed among the French troops in Corſica, numbers of whom had intermarried with the natives, and ſettled in the interior parts of the iſland, ſubject to the Malecontents.

Letters from Madrid, of December 14, adviſe, that 11 capital ſhips of war are now building in different dock yards belonging to his Catholick Majeſty.

It is reported, that three Engliſh Commoners will be created Peers, before the meeting of Parliament.

It is expected the French will carry their point in obtaining a repeal of the Cambrick act, having offered to augment their annual conſumption of Britiſh manufactures, to the amount of ſeventy-four thouſand pounds.

We hear that one of the objects had in view by the Duke of Northumberland, in his late journey to Paris, was to examine the preſent ſtate of the French manufactures, in order to improve thoſe of our own country. The diſtinguiſhed taſk of this great Nobleman has always been directed to render the arts flouriſhing in Britain, by communicating to our artiſts whatever was moſt excellent in other nations.

The Lord High Chancellor, we hear, will be created Earl of Camden, before the meeting of parliament.

JANUARY 10. We hear, that within the courſe of this week, upwards of thirty ſhip-carpenters have engaged themſelves for Spain, upon extraordinary encouragement, to be employed there in his Catholick Majeſty's dock-yards.

We hear Admiral Palliſer will ſail for his ſtation at Newfoundland, full ſix weeks ſooner than uſual, on account of advice being received, that ſome French merchants are preparing to carry on, the enſuing ſeaſon, a very extenſive contraband trade with the natives and Indians.

We are credibly informed, that a plan is now under conſideration for eſtabliſhing a Royal Britiſh Newfoundland Company, which, without converting the trade and fiſheries thereof into a monopoly, will produce a large annual ſum to the Exchequer.

Yeſterday died, Sir Robert Rich, Bart. Field Marſhal of his Majeſty's Forces, Colonel of the 14th Regiment of Dragoons, and Governor of Chelſea Hoſpital.

It has recently been diſcovered, that both the French and Dutch have, for two years paſt, ſent a number of Officers, Mathematicians, and Engineers, into the ſervice of the Great Mogul. This is affirmed to be a fact; and when the eaſtern troops have made themſelves maſters of the great arts of war (diſcipline, fortification, and gunnery) the conſequences to us may be very eaſily foretold.

A number of Roman Catholicks, in Ireland, are, we hear diſpoſing of their properties, with an intent of ſettling in the happier regions of America.

An Iriſhman lately confined in Newgate for a capital offence, having a ſore leg, which was extremely offenſive to the ſmell, was frequently requeſted by his fellow-priſoners to apply ſome dreſſing to it that might a little abate the force of the affluvia. But Teague deſpiſed every requeſt of this nature, conſtantly exclaiming, "the devil burn me if I lay out one halfpenny for a plaiſter till I am ſure of my life; for you know honey, my leg will be of no ſervice to me in caſe I am to be hanged."

### INTELLIGENCE EXTRAORDINARY.

It is ſaid his M——y, tired out with the ignorance, avarice, and time-ſerving diſpoſition of all the *ins* and *outs*, has propoſed requeſting each of the friendly tribes of Indians in America, to ſend over a Sachem, or head-man, with whom to form an A——n. It is thought this will prove the moſt popular meaſure ever attempted by the C——n, as thoſe people are remarkable for their deteſtation of internal cabals, and for holding in abhorrence, and contempt, all graſpers after bribes, places, and penſions.

KINGSTON, (in Jamaica) February 14.

Monday arrived his Majeſty's frigate Cygnet, Philip Durell, Eſq; commander, and has brought over the Honourable Brigadier General Haldiman, Colonel of one of the battalions in the Royal Americans, who, we hear, is to proceed to Penſacola, to take upon him the command of his Majeſty's forces in Weſt-Florida.

A few days ago Algernon Warren, Eſq; Captain in his Majeſty's 66th regiment, was married to Miſs Dorothy Prioleau, eldeſt daughter of Colonel Philip Prioleau, an amiable young lady, adorned with every accompliſhment that can render the marriage ſtate happy.

CHARLES-TOWN, MARCH 31.

IN Captain Schermerhorn, who ſails the firſt fair Wind for New-York, goes Paſſenger RALPH IZARD, Eſq.

Yeſterday the Books and Papers belonging to his Majeſty's Cuſtom-Houſe for this Port, were removed to the old Council-Chamber, in the Guard-Houſe; where we hear the Office will be kept, until the New-Exchange is built.

DIED, March 29. Mrs. Iſabella Marſhall, Relict of the late Mr. James Marſhall.

# SUPPLEMENT to the SOUTH-CAROLINA GAZETTE, and COUNTRY JOURNAL. [Printed by CHARLES CROUCH, in Elliott-Street.]

TUESDAY, MARCH 31, 1767. [No. 68.]

*Charles-Town, February* 12, 1767.

For the ENTERTAINMENT of the CURIOUS,
*Will be exhibited at the* Library Room *in Union-Street,*
A Courſe of EXPERIMENTS,
*In that inſtructive and entertaining Branch of*
NATURAL PHILOSOPHY, CALLED,

## ELECTRICITY,

*To be accompanied with Lectures on the Nature and Properties of the*

## ELECTRICK FIRE.

By *WILLIAM JOHNSON.*

THE courſe conſiſts of two lectures, in the firſt of which all the properties of that wonderful element, as far as the lateſt diſcoveries have made us acquainted therewith, and the principal laws by which it acts, are demonſtrated in a number of curious experiments, many of which are entirely new. Among many other particulars will be ſhown that the electrick fire commonly produced by the friction of glaſs, and other electrick ſubſtances, is not created by that friction, but is a real element or fluid body diffuſed through all places in and near this earth; that our bodies contain enough of it, at all times, to ſet an houſe on fire. Alſo many errors that have crept into this branch of Natural Philoſophy, will be expunged, and the true theory thereof eſtabliſhed on the ſolid foundation of reaſon and experiment.

In the ſecond lecture this fire is ſhown to be real lightning from its conſtantly and invariably producing the ſame effects as lightning does; in proving and explaining which, moſt of the effects of lightning will be imitated by the electrick fire, ſuch as killing animals, melting metals, tearing and rending bodies through which it paſſes; together with many curious experiments, naturally repreſenting the various *phenomena* of thunder ſtorms, accounting for their cauſes, and explaining their effects. A practical method of preſerving ourſelves, our houſes and effects, from the deſtructive violence of lightning, will likewiſe be ſhown; the efficacy of which will be demonſtrated by ſuch indubitable proofs, from experience, as have not hitherto been exhibited to the world.

Thoſe who deſire to have their habitations effectually guarded from the fatal violence of one of the moſt awful powers of nature (with which this colony in particular has been often dreadfully viſited) may learn, from theſe lectures and experiments more of the nature and properties of lightning than has been known in the world until within theſe few years. They will, at the ſame time, have an opportunity of being fully convinced that the method propoſed for their ſecurity, if put in practice, with proper precaution, will be attended with ſucceſs; and conſequently that, inſtead of having any juſt objection thereto, from a perſuaſion of its being preſumptuous, we have the utmoſt reaſon to bleſs GOD for a diſcovery ſo important and eminently uſeful. "A prudent man foreſeeth the evil and hideth himſelf; but the ſimple paſs on, and are puniſhed." PROV. xxii. 3.

As the knowledge of nature tends to enlarge the human mind, and give us more exalted ideas of the GOD OF NATURE, it is preſumed that this courſe will prove to many an agreeable and rational entertainment.

The firſt courſe will be on TUESDAY and WEDNESDAY next, to begin at three in the afternoon, and will be repeated on THURSDAY and FRIDAY following; likewiſe on the correſponding days in the three following weeks, provided the requiſite dryneſs of the air will permit.

*** Tickets to be had at *Charles Crouch*'s Printing-Office, and at Meſſrs. *Dillon* and *Backhouſe*'s Taverns, at 40s. for both lectures.

*N. B.* No perſon to be admitted without a Ticket, by paying at the door, as the inconvenience is great, and muſt be obvious to every one.

*Said* JOHNSON *likewiſe propoſes to exhibit a courſe of experiments, (to be accompanied with an explanatory lecture) in that eminently uſeful branch of natural* PHILOSOPHY,

## Called MAGNETISM.

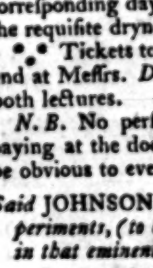
IN this courſe all the principal properties of the Magnet or Loadſtone will be demonſtrated in a number of curious experiments, and a rational theory of Magnetiſm founded thereon, by which the polar direction, and inclination or dip of the magnetical Needle, may be naturally accounted for.

The uſe and application of this moſt ſurprizing natural power to the important purpoſes of navigation, will likewiſe be ſhewn.—The defects of the common ſea compaſſes will be particularly conſidered and pointed out, and the lateſt improvement which the celebrated Doctor *Knight* has made in that moſt uſeful inſtrument, by which it has attained its utmoſt degree of perfection, will be ſhewn and explained; the knowledge of which is of the utmoſt importance to all perſons concerned in trade and navigation.

The courſe will conſiſt of upwards of twenty experiments, amongſt which are thoſe performed by Doctor *Knight* before the Royal Society, with many others equally curious and inſtructive, to be performed with ſeveral natural Magnets, together with large magnetical ſteel bars of a ſurprizing degree of ſtrength, which will give a touch twice as ſtrong as the beſt Loadſtone yet known.

The lecture to begin as ſoon as thirty perſons have ſubſcribed. Subſcriptions taken in by the Operator at the Library Room, where Tickets will be given out at the time of ſubſcription, at one Dollar each.

The Lecture to be on each Saturday, to begin at the Library-Room in Union-Street, at half paſt Nine in the Morning. Tickets to be had at the Library-Room, and at Mr. Backhouſe's Tavern.



RUN-AWAY from the ſubſcriber, about ſix months ago, a Negro fellow named BOSON, who is ſuppoſed to be gone to Santee: He is a likely fellow, about 26 years of age, and near 5 feet 11 inches high; had a ſpur on when he went away, and is of the Grain coaſt country. Whoever takes up the ſaid fellow, and delivers him to me, ſhall have *Ten Pounds* reward; and any perſon giving information of his being harboured by any perſon, will, on conviction of the offender, receive *Five Pounds*, or if by a Negro *Five Pounds*, from

*February* 24, 1767. FRANCIS ROCHE.

JAMES LENARD, who intends to carry on the buſineſs of ROPE-MAKING in all its branches, and all materials ready, would be glad to enter into co-partnerſhip with any gentleman or gentlemen who are willing to take a part in a buſineſs which he doubts not will turn out to their advantage.—He ſerved an apprenticeſhip in one of the King's yards in Europe. Said *Lenard* may be heard of at Mr. James M'Clenachan's in Broad-ſtreet, or at Mr. Thomas Barton's, Saddler, in King-ſtreet.

## NOBLE,

(Bred in SOUTH-CAROLINA)

HAVING the laſt year, as well as this, proved himſelf ſuperior in blood, ſpeed and temper, to any horſe, mare or gelding that has yet dared to appear againſt him on the turf, will very ſhortly cover as a STALLION, a certain number of mares, at a time, place, and on terms that will immediately be made known—unleſs the famed CENTINEL, or ſome other horſe, ſhould dare to run him any time between this and the 10th day of April next.—NOBLE, being truly, as well as nominally ſo, now offers to run with any horſe in the world, carrying weight for age, for ONE THOUSAND GUINEAS; but being particularly deſirous of meeting CENTINEL, will run againſt HIM, (notwithſtanding he has been running and travelling from place to place) the beſt of three four-mile heats, at NEW-MARKET, and will give up ſeventeen pounds of the weight he has a right to for difference of age, according to the true method of running in *Old England*, from any Sum from TWO HUNDRED to ONE THOUSAND GUINEAS, half forfeit.—If this is not accepted, 'twill be deemed by the lovers of the turf, that CENTINEL never intended to run and give the odds, and that the advertiſement was mere puff.
